// ABOUT ME

Web Development and Multimedia graduate with experience in frontend development, UI/UX, graphic design and SQL databases. Beginning a BSc in Digital Game Development Engineering, with a growing focus on game development and interactive experiences. Interested in combining technical development with visual design to build functional, well-designed digital products.

// EXPERIENCE

Digital & Technical Support Intern

Level Academy - Malta | Erasmus+ | Mar 2026 – Jul 2026

- Created graphics for programs, events and social media.
- Designed promotional materials, branding and presentations.
- Supported eSports events with technical setup and troubleshooting.
- Configured computers, peripherals and networks.
- Collaborated with an international team.

Cashier

Agro Barros Simões - Braga, Portugal | May 2024 – Aug 2024

- Assisted customers and handled enquiries.
- Operated the cash register and completed daily cash closing.
- Managed deliveries, stock and store organization.

Real Estate Agent

Decisões e Soluções - Braga, Portugal | Sep 2023 – Feb 2024

- Prospected for new clients and property sellers.
- Contacted potential clients and property owners.
- Conducted property viewings and created listings.
- Researched the local market and maintained prospect records.
